Welcome back Riviera Garden Club Members! Hope you had a renewing summer break. Shelley has been enjoying her new granddaughter in Las Vegas. Karen got a touch of Southwest travelling with Georgia O'Keefe landscapes.

Karen's sister-in-law brought her a pot of irises – "offspring" of their mother-in-law's irises planted about 60 years ago. The iris rhizomes (technically NOT bulbs) were carted through three house moves since the original plantings. How delightful to finally get some! They will be passed on also.

This year's club "theme" is "The Inspiration of the Garden." Appreciating a beautiful garden creates a lovely memory and is inspirational. Gardening is healthy exercise, and it provides the satisfaction of a worthwhile and positive endeavor.

The inspiration we receive can be passed on to family members or through public plantings, AND guerilla gardening! A rose to remember a loved one. Bulbs/rhizomes passed to future generations. A tree planting. Or sharing gifts from our gardens with friends and neighbors.

A garden is renewing and inspiring. While California gardens just seem to roll over year after year, we do know seasonal blooming and recognize the cycle. growth slows in the fall, sprouts in spring and culminates in the summer harvest.

We have a lot of super programs and field trips ahead in this new club year. We hope that our RGC learning experiences will inspire you in some memorable way! We look forward to sharing with you! *Shelley & Karen*

May Landscape Award

RGC's Ginnie Schneider & neighbor Kirsten Heffner share Landscape Award for Triangle Park

Ginnie Schneider moves to Oregon

Before moving to Lake Oswega, Ginnie was honored for her years of work at the flower patch at Triangle Park. She was the "guerilla gardener" who maintained the area across from her former home on Calle Miramar for many years.

When she moved to her Catalina Ave. apartment, new neighbor Kirsten Heffner began nurturing Ginnie's corner. Ginnie passed her "green thumb" baton over to Kirsten in May when neighbors and RGC members gathered to surprise Ginnie with the Landscape Award and an impromptu party.

Ginnie and her husband George were very instrumental in the community via the establishment of St. Lawrence Church, Bishop

With great sadness, we note the passing of beloved local historian Marshall Stewart. He has been instrumental in helping us prepare for our Centennial Riviera Historic House Tour event. It was an honor to have known him and have him represent the Riviera so well. Marshall will be greatly missed.
